Summary:

Highly motivated and skilled junior UI/UX designer and front-end web developer with two years of experience. A quick learner and dedicated professional, I am passionate about creating intuitive and visually appealing user interfaces while leveraging my front-end development expertise. I strongly believe that my adaptable nature and commitment to continuous learning position me to excel in the dynamic world of web design and development. A hardworking individual with a proven track record of delivering impactful solutions, I am ready to contribute my talents to a collaborative and innovative team.

Professional Experience:

- Junior UI/UX Designer and Front-End Web Developer
  Codelab, lubumbashi
  March 2021 – December 2022

  - Collaborated with cross-functional teams to design and develop user-centric websites and web applications, ensuring seamless user experiences and high levels of user satisfaction.
  - Translated wireframes and prototypes into pixel-perfect user interfaces using HTML, CSS, and JavaScript, ensuring responsive design and cross-browser compatibility.
  - Conducted user research and gathered feedback to iterate on designs, leading to improved user engagement and product adoption rates.
  - Contributed to the creation and maintenance of the company's design system, streamlining the development process and ensuring design consistency across projects.
  - Actively participated in team discussions and brainstorming sessions, providing valuable insights and suggestions to enhance project outcomes.

- Graphic Designer & Junior Front end Web
  Wealth Global
  January 2019 – December 2022

  - Assisted senior designers in creating and developing website layouts
  Designed various marketing and promotional materials using Adobe Photoshop
  & Lightroom
  Assisted with creating and implementing marketing strategies to increase
  website traffic and engagement
